

JOIN US ON JUNE 21-22, 2022!

In addressing the evolution of ESG factors in the supply chain, this year's agenda will offer both basic awareness of topics for those who are new to these issues, along with in-depth insights for more experienced professionals. Sessions for this two-day event will cover a diverse range of mission-critical topics, from environmental issues and human rights, to sustainability, conflict minerals, and more, including:

- German Due Diligence Act, EU Conflict Minerals Regulation and other legislative mandates
- Carbon Neutrality and Net Zero
- Climate Risk
- Responsible Materials Sourcing and Reporting Prioritization
- Supplier Assessments
- Addressing Human Rights/Forced Labor in the Automotive Industry
- ...and much more!

Hosted on the same virtual platform as our 2021 summit, attendees can once again join from anywhere with high-speed internet. From networking with peers to visiting exhibitors, this unique virtual environment provides the full AIAG event experience – along with the flexibility to choose (and set reminders for) the sessions you don't want to miss, and even come back to content for 5 days after the summit.

AIAG'S VIRTUAL CORPORATE RESPONSIBILITY SUMMIT RETURNS FOR 2022!

Our 2022 Corporate Responsibility Summit will focus on industry challenges and opportunities regarding today's environmental, social, and governance (ESG) concerns.
