Driving Value and Compliance with Duty Drawback and Export Modernization

For a program that's been in existence since 1789, it's interesting how consistently questions continue to arise related to Drawback. Find out if your program is working in accordance with the law, regulations, and CBP policies with this review of the Drawback process, **changes** to policies, and the **latest** business rules and validations. Find out about **new** regulations that will change how export modernization looks and feels going forward.

Networking Break & Exhibitor Drawing in the Exhibit Hall

3:15 PM - 4:00 PM

Everything you wanted to know about the UFLPA, but were afraid to ask

The Uyghur Forced Labor Prevention Act was signed into law and has been in effect since June 21, 2022. This law requires that importers dig deeper than ever before, knowing if any ingredient or component was mined, produced, or manufactured wholly or in part in Xinjiang or by an entity on the UFLPA Entity List. Rory Heslington, Vice President of Government Affairs of Autos Drive America will ask the 'unaskable' questions of Brian Hoxie, Director of the Forced Labor Division in the Office of Trade at U.S. Customs and Border Protection

[Brian Hoxie](#)
