Matthew Griffin

Technical Specialist for Hazardous Materials Compliance

Jaguar Land Rover Limited

Matt Griffin is the Technical Specialist for Hazardous Materials Compliance at Jaguar Land Rover Limited. He is the current chairperson of the IMDS Steering Committee and an active member of the ACEA Materials and Substance Work Group, working on REACH, ELV legislation and vehicle interior air quality. He was also part of the ISO team that developed the ISO 12219 vehicle interior air quality and component emission standards.

Matt likes to escape from the toxic world of hazardous materials by sailing his Nonsuch 26 in the English Channel and also enjoys the odd excursion across to France, to top up on essential supplies.
