

SPEAKER BIOGRAPHY

Niall Kealey
Head of IATF Oversight
SMMT

Niall is the Head of IATF Oversight at SMMT. Niall oversees the activities designed to maintain the robustness, consistency, and credibility of SMMT reporting IATF recognised certification bodies.

Niall participates in a number of IATF committees including the Global Oversight committee, the Training committee and the IATF General Assembly.

Niall started his career as a technician apprentice with Lucas Aerospace before joining Delco Chassis (a division of General Motors) on their graduate training programme.

Niall joined SMMT Industry Forum in 2002 and was engaged in the implementation of lean improvement activities across a range of organisations and sectors for 8 years before joining the IATF Oversight team at SMMT in 2010.
