

SPEAKER BIOGRAPHY

Stefan Glissnik

***Head of Customer and Software Quality Bosch Mobility
Robert Bosch GmbH***

Stefan Glissnik is an international automotive quality leader who has led Customer and Software Quality for Bosch Mobility since 2022.

He represents Bosch in the VDA QMC Strategic Quality Management Circle.

His career spans customer, software, and plant quality, including leading quality at Bosch's automotive plant in Cluj, Romania. Earlier, he was Chief of Staff to the Executive Management of Bosch Automotive Electronics and held senior purchasing roles.

Before joining Bosch in 2012, Stefan founded a software startup.

He holds a degree in industrial engineering from Friedrich-Alexander University Erlangen-Nuremberg.
