

## ***SPEAKER BIOGRAPHY***

**Henriette Douglas**  
***Global EDI Manager***  
**Stellantis**

Henriette is the Stellantis Global EDI Manager, where she oversees the operation for over 10,000 suppliers, logistics carrier providers and 4,000 file transfer integrations. The EDI operation at Stellantis is a critical component required to keep the manufacturing plants, Part Distribution Centers and dealer network working optimally.

She is a highly successful IT Manager with an established track record in multiple domains. She specializes in managing large-scale enterprise SAP implementations, upgrades, EDI integrations, and application support.

Henriette has held a number of leadership positions in Information Technology, business strategy, software development, project delivery and process improvement for global automotive, manufacturing, retail, software and consulting firms.
