

SPEAKER BIOGRAPHY

Stephan A. Olsen
Vice President, Global Quality
PACCAR Inc

Stephan Olsen is the Vice President of Global Quality at PACCAR and has held the position since March 2025. In his role, Stephan is responsible for product quality of PACCAR's medium- and heavy-duty trucks under the Kenworth, Peterbilt and DAF nameplates, while leading the company's Supplier Quality, Continuous Improvement and Emissions Compliance departments.

Prior to his current role, Stephan's 29-year career at PACCAR includes positions of increasing responsibility in Engineering, Field Service, Marketing, Sales and Product Planning. Stephan's recent assignments include General Sales Manager of Kenworth Truck Company, General Manager of the PACCAR Innovation Center in Silicon Valley and Director of Product Planning of Kenworth Truck Company. Stephan's education includes a Bachelor of Science degree in Mechanical Engineering from Seattle University and an MBA from Washington State University.
