Summary A pragmatic and innovative Digital Planning Expert and AI Senior Trainer who joined Geely Automobile Group in 2017. Recognized as the Group's Professional Skills Leading Talent in 2019 and currently serving as the Head of the Company's AI Master Studio, I bring over 20 years of experience in equipment management and digital transformation. My expertise lies in Industrial Internet (IIoT), Big Data Analysis, and AI-driven Intelligent Manufacturing. With a philosophy that "Data comes from the frontline, and value returns to the production line," I lead teams to build smart manufacturing systems and drive high-quality enterprise development.
