

SPEAKER BIOGRAPHY

Luca Loeffler

***Senior Technical Solution Consultant – Data Spaces & AI
T-Systems International***

Luca is a Senior Technical Solution Consultant at T-Systems with over six years of experience in Data Ecosystems and Data Spaces.

He built one of the first Data Spaces in Germany for a mobility use case and was deeply engaged in the Catena-X consortia. He has a wide understanding of supplier onboarding and has implemented a variety of use cases with customers globally, including the first global data chain via Catena-X.
