SPEAKER BIOGRAPHY

Jiang Yijun

Quality Improvement Manger
Yanfeng

I

Mr. Jiang Yijun has been with YF since 2002. In current position, Mr. Jiang is responsible for driving continuous improvement initiatives across the organization, overseeing quality system enhancements, and leading cross-functional teams to achieve operational excellence and customer satisfaction.

Mr. Jiang brings over 20 years of extensive leadership and management experience spanning equipment engineering, production planning, logistics, manufacturing, purchasing, and quality management in the automotive industry. His career encompasses progressive responsibilities across operations and supply chain management, with particular expertise in driving process improvements and operational efficiency.

Mr. Jiang holds a Master's degree in Business Administration (MBA) from the Antai College of Economics and Management at Shanghai Jiao Tong University and earned dual Bachelor's degrees in Mechanical Engineering & Automation and Business Administration from Shanghai Jiao Tong University. Additionally, Mr. Jiang is a Level 1 Certified Metrology Engineer which is Nationally recognized professional qualification in China for Metrology.
